

COVID Safe Plan

Keeping our people, clients and communities safe is **our number one priority** as Australia progresses to COVID normal

We're creating COVID Safe Workplaces...

- 1 All Partners, staff, contractors clients and visitors must be fully vaccinated to access our offices, attend client site, undertake domestic or international travel and attend work related events.
- 2 Increased cleaning focussing on shared spaces and high touch points
- 3 Capacity limits and density quotients applied as per Public Health Directions
- 4 Workplaces set up to promote physical distancing

We'll respond effectively to positive cases of COVID-19...

- 1 COVID incident response plan in place to support a coordinated response to confirmed cases in our workplaces
- 2 Ongoing review and monitoring of COVID Safe protocols to make sure our controls are best practice and aligned to the latest research

We're reinforcing COVID Safe Behaviours...

- 1 Physical distancing and good hygiene reinforced and practised by all staff
- 2 Training provided in COVID Safe protocols
- 3 Ongoing support of hybrid working including working from home, where staff are unwell or isolating
- 4 Building the capability of leaders to role model COVID Safe behaviours and lead with compassion and empathy
