Commonwealth Bank of Australia
Level 9, Darling Park Tower 1

Dear Mr Barrett-Lennard

WILLMOTT FORESTS LIMITED
ACN 063 263 650
(ADMINISTRATORS APPOINTED)
(RECEIVERS AND MANAGERS APPOINTED) ('Willmott')

The purpose of this letter is to seek finance from the Bank to fund the Administration of Willmott. Detailed below we have set out the background to this request and other relevant information.

Background

Willmott is a plantation land and forestry group with a history spanning more than 30 years. Willmott, whose head office is based in South Melbourne, Victoria, manages approximately 56,000 hectares of planted forest, including approximately 40,000 hectares of owned land. The plantations are held through 8 public Managed Investment Schemes (**Schemes**) and 29 private Schemes in which approximately 6,300 grower investors have invested in excess of \$300 million.

Willmott and its wholly owned subsidiaries (**Willmott Group**) have provided security over most assets in favour of the Commonwealth Bank of Australia Ltd and St George Bank Ltd (**Banking Syndicate**). Specifically excluded from the Banking Syndicate's security is approximately 26,000 hectares of land in Bombala, NSW (**Bombala Land**).

On 6 September 2010 Bryan Webster, Mark Korda and Mark Mentha were appointed Receivers and Managers and Mr Avitus Fernandez was appointed Administrator of the Willmott Group.

On 26 October 2010 the Federal Court of Australia appointed Ian Carson and Craig Crosbie as Administrators of the Willmott Group. This appointment replaced that of Mr Fernandez.

Administrators' court application

The Administrators are currently in the process of assessing the viability of the various Schemes and are running an Expressions of Interest (**EOI**) campaign. The outcome of this process will not be known until early February 2011, with the second meeting of creditors to be held in the latter part of February 2011. During the intervening period, the Administrators need to incur costs, namely:

- (a) statutory maintenance;
- (b) wages of certain Willmott employees required by the Administrators;
- (c) other employee-related expenditure, including the cost of leasing, utilities, amenities, telecommunications and transport;
- (d) a proportion of the general operating costs (the balance of such costs being borne by the Receivers & Managers); and
- (e) the Administrators' fees and disbursements, including professional consultants, experts and legal fees.

The Administrators are in the process of obtaining court direction in regard to the incurring of these costs. A full copy of an Affidavit sworn by Craig Crosbie is attached at Appendix 1, which explains the background to the Willmott Group, the relevant Schemes, the process which the Administrators are following, including the analysis of the Schemes and the EOI process, the incurring of the above costs and the requirement for credit to be raised to meet these costs.

Credit application

Given the above, the Administrators wish to apply for a credit facility of \$5 million. The structure of the loan will be discussed and agreed with you, however we envisage an overdraft facility of \$500k and market rate type facility of \$4.5m.

The Administrators' estimated cashflow is attached at Appendix 2, which details the types of costs to be incurred (subject to court approval). The cashflow estimates costs of approximately \$4.9 million, noting headroom allowance of \$100k (or 2%) has been included in the funding request bringing the total funding required to \$5 million.

There is currently uncertainty as to whether some costs identified in the cashflow will be incurred or, if so, whether the full value identified will need to be expended. Those costs include fire prevention/statutory costs (\$402k) and fire suppression (\$100k). Greater clarity around such costs is expected over the coming days, however they have been included in the cashflow at this stage.

Following credit approval, the Administrators will require the provision of the overdraft component of this funding request (\$500k) at your earliest convenience, with the balance of funding (\$4.5m) to be made available for drawdown. We presume this will require an acceptable Bank sworn valuation of the Bombala land and the relevant securities being in order (discussed below).

Security

Section 443A of the Corporations Act 2001 (**Act**) states, inter alia, that an Administrator of a company is liable for debts incurred in respect of money borrowed and interest in respect of money borrowed. Additionally, section 443D of the Act states that an Administrator is entitled to be indemnified out of a company's property. Accordingly, the Administrators intend to raise the debt funding identified herein by providing security over Willmott's primary uncharged asset, being the Bombala land.

The Receivers & Managers confirmed that the Bombala land was excluded from the Banking Syndicate's security by way of letter to the former Administrator dated 24 September 2010. This letter is attached at Appendix 3.

We understand that the Bombala land has historically been valued annually by Sutherland Farrelly Pty Ltd or M3 Property Pty Ltd (**M3**). The Bombala land was valued by M3 at c\$52 million at 30 June 2010. A full copy of this valuation is attached at Appendix 4.

A Land Report completed by M3 and dated 31 August 2010 ascribed a range of values for land in the Bombala area from \$1,000 to \$2,900 per hectare and that the majority of properties reflected a value of \$1,900 per hectare (gross). A full copy of this valuation is attached at Appendix 5.

Loan term

The Administrators will be in a position to fully repay the loan sought following the successful realisation of Willmott's interest in the Bombala land. Given the complexities of the administration, the timing of the realisation of the Bombala land is currently uncertain, however we expect this process could take between 9 to 12 months to complete.

We would be happy to meet with you to discuss any aspect of this credit application.

Please respond to this loan request at your earliest convenience by contacting Barry Wight on (03) 9269 4268

exception of these assets, the Receivers currently control all the assets identified in the RATA.

- 13 On 6 September 2010, Avitus Thomas Fernandez (**First Administrator**) was appointed as voluntary administrator of the Willmott Group of Companies pursuant to section 436A of the *Corporations Act 2001* (Cth) (**the Act**).
- 14 On 24 September 2010, the Receivers' appointment as receivers and managers of the property listed in Schedule 1 to this Affidavit (**Excluded Property (Registered Schemes)**) was terminated pursuant to deeds entitled "Partial Termination of Receivers" between the Receivers and the secured creditors of the Willmott Group executed on 24 September 2010. The Excluded Property (Registered Schemes) includes WFL's rights, title and interest in respect of its role as the responsible entity of the Registered Schemes.
- 15 On 24 September 2010, as a result of the termination of the Receivers' appointment described in paragraph 14, the First Administrator also assumed control of the Excluded Property (Registered Schemes), including WFL's rights and obligations as responsible entity of the Registered Schemes.
- 16 On 12 October 2010, the Receivers' appointment as receivers and managers of the property listed in Schedule 2 to this Affidavit (**Excluded Property (Unregistered Schemes)**) was terminated pursuant to deeds entitled "Deeds of Partial Termination" between the secured creditors of the Willmott Group and the Receivers executed on 12 October 2010. The Excluded Property (Unregistered Schemes) included WFL's rights and obligations as manager of 22 of the 29 Unregistered Schemes (**Excluded Unregistered Schemes**). Seven of the Unregistered Schemes remain in the Receivers' control.
- 17 On 12 October 2010, as a result of the partial termination of the Receivers' appointment described in paragraph 16, the First Administrator assumed control of the Excluded Property (Unregistered Schemes), including the First Plaintiff's rights and obligations as manager of the Excluded Unregistered Schemes. I refer to the Registered Willmott Schemes and the Excluded Unregistered Schemes together as "**Willmott Schemes**".
- 18 On 26 October 2010, by order of the Federal Court of Australia, the First Administrator was removed as voluntary administrator and Mr Carson and I were appointed as joint and several voluntary administrators of each of the Willmott Group

of Companies (**Administrators**). Now produced and shown to me and marked "CDC-3" is a copy of the Order of the Honourable Justice Finkelstein dated 26 October 2010 (**Orders**).

The Schemes

19 The Administration of the Willmott Group is very complex. This is, in part, due to the existence of the Willmott Schemes. The documents constituting the Willmott Schemes are voluminous. Now produced and shown to me and marked "CDC-4" is a computer disc containing the constituent documents for the Willmott Schemes and an index of the documents on that computer disc.

20 Unlike other managed investment schemes, the Growers in the Willmott Schemes paid all of their relevant fees "upfront" and are not obliged to make further contributions to the Willmott Schemes. In other words, Growers have no current obligations to make any further payments to WFL. However, WFL has ongoing obligations to Growers.

Registered Schemes

21 The Registered Schemes differ from scheme to scheme in that there are different types of constituent documents, different species of trees and the rights of the Growers in each scheme differ.

22 Some of the Registered Schemes were continuous offer schemes, extending over multiple years, with a new prospectus or product disclosure statement issued in each year. In effect, there are multiple projects within the one Registered Scheme.

23 Other Registered Schemes extended only for a specific year, with only one product disclosure statement being issued. While most of the Registered Schemes take the form of contract-based schemes between the Growers and the Responsible Entity, one Project is in the form of a unit trust. While WFL is the responsible entity for most of the registered schemes, BioForest Limited is the Responsible Entity of two of the Registered Schemes.

24 The contract-based schemes in general terms involve Growers entering into a lease (which may have been executed pursuant to a land sourcing agreement) of land on which they are entitled to plant and grow trees. The Growers also enter into a development and maintenance agreement in relation to the trees. In some schemes, there is also a forestry rights agreement. Some Growers also entered into loan

- 8 The leasing arrangements with HVP form part of an arrangement comprising four relevant types of agreements for each Willmott Scheme:
- (a) a relationship agreement which sets out the general agreement between WFL and HVP for the establishment and management of pine plantations;
 - (b) a lease which governs the lease of specific parcels of land;
 - (c) a forest property agreement pursuant to which ownership of the "forest property" (ie the trees) vests in Willmott Forests Investment Management Pty Ltd (**WFIM**) as agent for the investors in the Willmott Schemes (**Growers**) and HVP acknowledges that it has no interest in the forest property; and
 - (d) a forestry management agreement pursuant to which WFL grants the rights to manage the forests to Grand Ridge Plantations Pty Ltd and HVP and provides them with a licence to access and use the land for this purpose.
- 9 Under the leasing arrangements with Forests NSW, WFL leases land from Forests NSW and Forests NSW provides forestry management services in respect of that land. Forests NSW also enters into a forestry rights agreement with WFIM, pursuant to which WFIM owns all the Trees and Timber from the plantation.
- 10 There are a large number of individual leases and forest property agreements that form part of these arrangements which the administrators are currently reviewing.
- 11 Now produced and shown to me and marked "**CDC-2**" is a copy of the directors' Report as to Affairs dated 6 September 2010 (**RATA**). As detailed in the RATA, the directors of WFL consider that WFL has approximately \$51.7m worth of land assets, \$64.1m owed by sundry debtors, \$7.3m cash at bank, \$1.6m worth of stock, \$2.4m in plant and equipment and \$95m in other assets.

The Appointment of the Administrators and Receivers

- 12 On 6 September 2010, Mark Korda, Bryan Webster and Mark Mentha of KordaMentha (**Receivers**) were appointed as joint and several receivers and managers of all of the charged property of the Willmott Group of Companies (**Charged Property**). The Charged Property expressly excludes the Bombala Land and scheme property or trust property associated with the Willmott Registered and the Willmott Unregistered Schemes. A valuation conducted on 30 June 2010 values the Bombala Land at \$52.1m. We have yet to verify this valuation. With the

General Background

Administrators' Experience

- 4 I have been a partner of the firm PPB since 2002. I am a Registered Liquidator and an Official Liquidator of the Court. I am a member of the Institute of Chartered Accountants, the Australian Institute of Company Directors and the Insolvency Practitioners Association of Australia. I also hold a Bachelor of Business. I have worked in corporate insolvency for over 21 years, during which time I have been involved in a number of large and complex external administrations including the administration of the Bill Express group of companies, the Global Campus Management group of companies and the Media World group.

The Willmott Group of Companies and the Willmott Schemes

- 5 WFL acts as the responsible entity and manager of 8 registered (**Willmott Registered Schemes**) and 29 unregistered (**Willmott Unregistered Schemes**) managed investment schemes. The Willmott Group of Companies' core activities include establishing, managing, harvesting, processing and supplying timber products from plantation grown resources on behalf of shareholders, unit holders and scheme members. The Willmott Group of Companies has three primary regional plantation operations:

- (a) softwood pine operations in Bombala and Murray Valley regions in New South Wales and throughout the major softwood growing regions of Victoria;
- (b) she-oak and silky oak operations in Northern New South Wales and Southern Queensland; and
- (c) African mahogany operations in the Douglas-Daly region of the Northern Territory.

- 6 The Willmott Registered and Willmott Unregistered Schemes are operated on land which is either freehold land (approximately 62,000 hectares) owned by WFL or leasehold/ third party land (over 15,000 hectares) leased or managed by WFL from third parties. Approximately 27,600 hectares of WFL's freehold land is unencumbered (**Bombala Land**).

- 7 The leased land is owned by Hancock Victorian Plantations Pty Ltd (**HVP**) or Forestry Commission of New South Wales (**Forests NSW**).

agreements to fund their investments and the term of the loan can vary both between Registered Schemes and within the same Registered Scheme, with loans between 3 and 12 years across the Registered Schemes. The unit trust scheme involves Growers acquiring units in a unit trust which owns the trees.

25 In summary:

- (a) the Willmott Forests 1989 - 1991 Project (ARSN 092 516 651) was offered over three years, with a prospectus being issued in 1989, 1990 and 1991 and an information memorandum in 1990. The project related to pine plantations. WFL is the responsible entity;
- (b) the Willmott Forests 1995-1999 Project (ARSN 089 598 612) was offered over five years, with a prospectus being issued in 1995, 1996, 1997, 1998 and 1999. The project related to pine plantations. WFL is the responsible entity;
- (c) the Willmott Forests Project (ARSN 089 379 975) was offered over eight years, with a prospectus issued in 1999, 2001, 2002, and 2003, two prospectuses in 2000, a product disclosure statement in 2004, 2006 and 2007. The project related to pine plantations. WFL is the responsible entity;
- (d) the Bioforest Dual Income Project 2006 (ARSN 119 153 623) was offered in 2006 pursuant to a product disclosure statement. The project related to silky oak plantations. Bioforest Limited is the responsible entity;
- (e) the Bioforest Sustainable Timber and Biofuel Project 2007 (ARSN 119 153 623) was offered in 2006 pursuant to a product disclosure statement. The project related to silky oak and she-oak plantations. Bioforest Limited is the responsible entity;
- (f) the Willmott Forests Premium Forestry Blend Project (ARSN 131 549 589) was offered in 2008 pursuant to a product disclosure statement. The project related to pine, silky oak and she-oak plantations. WFL is the responsible entity;
- (g) the Willmott Forests Premium Forestry Blend - 2010 Project (ARSN 131 549 589) was offered in 2010 pursuant to a product disclosure statement. The project related to pine, African mahogany and silky oak plantations. WFL is the responsible entity;

- (h) the Willmott Forests Premium Timberland Fund No 1 was established as a unit trust in 2009 and units in the Fund were offered to Growers pursuant to a product disclosure statement. The project related to African mahogany plantations and also to the ownership of land used by other Willmott Schemes. WFL is the responsible entity.

Unregistered Schemes

- 26 The Unregistered Schemes are not identical and involve different Willmott companies. It is not clear whether some or all of the arrangements have been assigned or novated to WFL. The number of investors in each scheme ranges between 1 and 73. At this stage, the administrators have not located full documentation in relation to some of the Unregistered Schemes. Investigations are continuing in this regard.
- 27 The constituent documents for some of the Unregistered Schemes are very basic and include short form leases and service agreements. Other Unregistered Schemes are described as partnerships and the constituent documents for those Unregistered Schemes include a partnership deed, a deed of trust, a lease, a plantation and development agreement and an establishment and maintenance agreement. The constituent documents for some of the later Unregistered Schemes include formal investment deeds, leases and forestry management agreements.
- 28 Growers in many of the Unregistered Schemes have entered into loan agreements to fund their investments.
- 29 The Unregistered Schemes with the basic documentation are:
- (a) the 1983 "No Project" Scheme, which has 73 investors;
 - (b) the 1984 "No Project" Scheme, which has 24 investors;
 - (c) the 1985 "No Project" Scheme, which has 22 investors;
 - (d) the 1986 "No Project" Scheme, which has 43 investors;
 - (e) the 1987 "No Project" Scheme, which has 31 investors;
 - (f) the 1989 "No Project" Scheme, which has 4 investors;
 - (g) the 1991 "No Project" Scheme, which has 3 investors;

- (h) the 1995 "No Project" Scheme, which has 1 investors; and
- (i) the 2001 "No Project" Scheme, which has 2 investors.

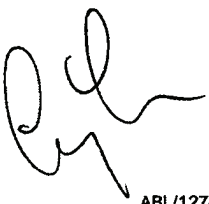

30 The "partnership" Unregistered Schemes are:

- (a) the 1993 McKenzie and Partners - Forestry Partnership No. 1, which has 16 investors;
- (b) the 1994 Grimsey & Associates - Forestry Partnership No. 1, which has 19 investors;
- (c) the 1994 Grimsey & Associates - Forestry Partnership No. 2, which has 17 investors;
- (d) the 1994 Grimsey & Associates - Forestry Partnership No. 3, which has 18 investors; and
- (e) the 1994 McKenzie and Partners - Forestry Partnership No. 2, which has 12 investors.

31 The Unregistered Schemes which have formal investment deeds are:

- (a) the Willmott Forests - Professional Investor 2001 Scheme, which has 5 investors;
- (b) the Willmott Forests - Professional Investor 2002 Scheme, which has 4 investors;
- (c) the Willmott Forests - Professional Investor 2003 Scheme, which has 29 investors;
- (d) the Willmott Forests - Professional Investor 2004 Scheme, which has 74 investors; and
- (e) the Willmott Forests - Professional Investor 2006 Scheme, which has 14 investors.

32 The other Unregistered Schemes are:

ABL/1278451v3

- (a) the Sharp - Reed Plantation Project - 1998, the constituent documents of which include a lease agreement, preparation and plantation agreement and maintenance agreement. The project has 2 investors; and
- (b) the 2006 Bioforest Wholesale Project No 2 Scheme which has a constitution similar to that used in a registered managed investment scheme. This scheme was only offered to professional and sophisticated investors and has 10 investors. It involved silky oak and she-oak plantations. Growers who invested in at least 10 Woodlots were also given the right to subscribe for shares in Bioenergy Australia Ltd.

WFL Insolvent

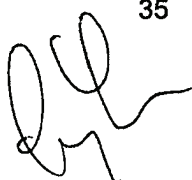

33 The analysis of the Willmott Group and the Willmott Schemes is ongoing. However, on the basis of the preliminary investigations to date, the Administrators have determined that WFL is insolvent and does not have funds available to it to:

- (a) meet its debts;
- (b) comply with its statutory obligations as owner or manager of the plantations; and
- (c) fulfil its obligations to Growers and third parties under the constituent documents of the Willmott Schemes.

34 In order to discharge our responsibilities to all stakeholders, we consider it is necessary to retain certain employees of the Willmott Group. In particular we have decided to retain three plantation employees who work on the Bombala Land to assist the Administrators to comply with the Willmott Group's statutory maintenance obligations as described in paragraph 53 below. These employees are:

- (a) Operations Manager and OHS/Quality Manager (Forestry): who is responsible for day-to-day operations and management on the plantations situated on the Bombala Land; and
- (b) two general forestry workers: who are responsible for the maintenance of the plantations situated on the Bombala Land.

35 The Willmott Group of Companies has traditionally engaged contractors during the fire season to complete maintenance works. In addition to those employees currently

retained, we currently intend to engage a number of additional contractors over the fire season to assist with statutory fire maintenance.

36 We have also retained two staff members at WFL's head office, namely a Grower liaison employee and an IT Manager, to assist with Grower-related queries and the Administrators' investigations. In addition, the Administrators have access to the staff who are retained by the Receivers to assist the Administrators to, among other things, conduct the viability analysis referred to in paragraph 38 below (The Receivers may call upon the Administrators to compensate them for any access to employees under their control).

37 The Administrators do not have funds available to pay for these employees and contractors. As set out in paragraph 63 below, the Administrators intend to borrow funds to meet these costs and other costs and expenses.

Solvency and Viability of Willmott Schemes

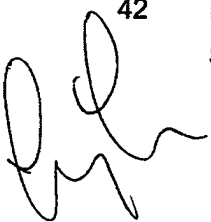

38 The Administrators, together with WFL's forestry personnel, are conducting an assessment of the solvency and viability of each of the Willmott Schemes, which is ongoing (**Solvency Analysis** and **Viability Analysis**). We anticipate that the Solvency and Viability Analysis will take approximately six weeks to complete.

39 From our initial investigations, it appears that all of the Willmott Schemes are insolvent because there is insufficient cash to meet their day-to-day expenditure and there is no obligation by the Growers to make additional payments.

40 The day-to-day management expenditure of the Willmott Schemes includes fire prevention, road maintenance, insurance, weed and pest control, plantation maintenance, motor vehicle running costs, lease obligations, maintenance of accreditations, preparation of plantation condition and maintenance programs and information technology and telecommunication expenses.

41 Failure by WFL to attend to these tasks has diminished, and will continue to diminish, the value of the Willmott Schemes' trees. However, the Administrators do not have the funds available to them to meet these payments.

42 In the course of our Viability Analysis, we intend to categorise each of the Willmott Schemes into one of three categories:

- (a) those schemes which are clearly viable in the long term and which the Administrators consider ought to be maintained by way of additional voluntary Grower contributions (**Long Term Viable Insolvent Schemes**);
- (b) those schemes which may be viable in the long term but only if further investment is made in the short term by way of additional voluntary Grower contributions (**Potentially Viable Insolvent Schemes**); and
- (c) those schemes which are clearly unviable in the long term, which the Administrators do not consider any merit in maintaining (**Long Term Non-Viable Insolvent Schemes**).

- 43 The analysis is complex, as many of the Willmott Schemes are interdependent, being on shared land. In addition, the Willmott Group's historical budgets and the management of the Willmott Schemes has been on a regional basis and not a scheme-by-scheme basis.
- 44 Once the Viability Analysis is complete, the Administrators intend to write to the Growers in each of the Willmott Schemes identified as Long Term Viable Insolvent Schemes and Potentially Viable Insolvent Schemes to inform them of the analysis and, where appropriate, to invite them, on a voluntary basis, to make financial contributions based on our analysis. If the vast majority of Growers do not contribute the necessary funds to provide liquidity for those schemes, the Administrators will have no choice but to immediately seek a new responsible entity, sell the scheme assets or wind up the schemes. The letter to Growers will advise Growers of these outcomes.
- 45 The Administrators intend to seek further directions in relation to this process. Ultimately, Growers must provide additional funding for the Willmott Schemes to continue, even though they may not be obliged to do so.

Overview of Administration

- 46 In addition to the financial analysis of the Willmott Group of Companies and the Willmott Schemes described in paragraphs 33 to 43 above, the Administrators have engaged in:

- (a) negotiations with the Willmott Group's insurance broker to offer growers the opportunity to maintain insurance on the plantations;

- (b) liaison with the Willmott Action Group and the Willmott Growers Group, who each represent investors in the Willmott Schemes;
- (c) discussions with WFL's Grower relationship manager in relation to various Grower-related issues;
- (d) briefings from the Former Administrator;
- (e) discussions with forestry employees regarding maintenance requirements;
- (f) correspondence with the primary lessors of the leased land employed by the Willmott Schemes;
- (g) implementing and commencing a campaign seeking expressions of interest in the recapitalisation of, or the appointment of a new responsible entity for, the Willmott Schemes;
- (h) discussions with stakeholders including the Receivers and the secured creditors; and
- (i) adhering to the Administrators' statutory requirements.

Expressions of Interest Campaign

- 47 Because various scheme assets are wasting, we have sought to expedite an expressions of interest campaign. On 12 November 2010 we published an advertisement in *the Australian* in which we sought expressions of interest in assuming the obligations of responsible entity and/or manager for all or any of the Willmott Schemes, a restructure of the Willmott Group's affairs or its business, or a recapitalisation of the Willmott Group. On 16 and 18 November 2010, we published further advertisements in the *Australian Financial Review* (**Expressions of Interest Campaign**). Now produced and shown to me and marked "CDC-5" are copies of the advertisements published on 12, 16 and 18 November 2010 (**Advertisements**).
- 48 Aaron Finlayson, a Senior Manager at PPB, has had responsibility for coordinating the Expressions of Interest Campaign. Mr Finlayson has informed me of the matters to which I depose below.

- 49 As the Advertisements provide, we have called for responses by no later than 30 November 2010. Indicative non-binding offers or proposals are due by 16 December 2010. We anticipate that a second stage of due diligence will take place during

December 2010 and January 2011. As at 23 November 2010, 12 interested parties had contacted PPB and executed confidentiality agreements.

- 50 It is intended that the interested parties will be granted access from 1 December 2010 to an online data room, which contains information regarding the Willmott Schemes.
- 51 Indicative non-binding offers or proposals are due by 16 December 2010. A shortlist of interested parties will be invited to participate in a second round of due diligence from 22 December 2010, with binding offers to be submitted by 2 February 2011. If applicable, final documentation is expected to be finalised and executed by 28 February 2011.

Scheme Maintenance and Statutory Maintenance

- 52 The timber plantations require ongoing maintenance to:
- (a) comply with the Willmott Group of Companies' statutory maintenance obligations;
 - (b) protect the Willmott Group of Companies' public liability exposure in relation to fire prevention;
 - (c) satisfy the terms and conditions of any insurance policies such that the policies remain enforceable; and
 - (d) maintain the current condition of the plantations (as I have described more particularly in paragraph 40 above).

Extent of Statutory Maintenance and Public Liability

- 53 I am informed by Jane Sheridan of Arnold Bloch Leibler, the Administrators' solicitors (ABL) that WFL (and any other land owning companies within the Willmott Group of Companies) is subject to legislation requiring certain statutory maintenance, such as the clearing of fire tracks. For example, some of the plantations forming several of the Willmott Schemes are registered with the New South Wales Department of Land and Water Conservation as "authorised plantations" pursuant to the *Plantations and Reafforestation (Code) Regulation 2001 (NSW)* and the *Plantations and Reafforestation Act 1999 (NSW)*. WFL, as owner or lessee of the land on which an authorised plantation is conducted, or as manager of an authorised plantation, must comply with prescribed statutory works on those plantations.

ABL/1278451v3

- 54 The Administrators, together with ABL, are continuing to review scheme documents and the relevant legislation in Queensland, Victoria and the Northern Territory to determine the full extent of WFL's statutory liability.

Extent of Maintenance Required by Insurer

- 55 I directed Michael Carmody, of PPB, to make inquiries regarding the plantation maintenance required by the Willmott Group's insurer, Agricola Crop Insurance (**Agricola**). Mr Carmody told me that, on 19 November 2010, Agricola, through their agent Paul Kaiser of Kings Insurance Brokers Pty Ltd (**Kings Insurance**) advised him that Agricola would offer insurance through WFL to the investors in the Willmott Schemes, if WFL continued to conduct fire maintenance in accordance with historical budgets prepared by Stephen Addicott, who is WFL's Forest Business Manager. Mr Carmody also told me that we have received the particulars of the costs historically incurred by WFL in accordance with these budgets, but have yet to determine the scope of any agreed historical fire maintenance plan.

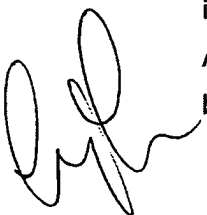

- 56 By email dated 23 November 2010 from Paul Kaiser, of Kings Insurance to Michael Carmody, Agricola advised that it would offer insurance to the investors in the Willmott Schemes on the basis of the current state of fire preparedness on the plantations. Now produced and shown to me and marked "CDC-6" is a copy of Kings Insurance email correspondence dated 23 November 2010. We have yet to resolve the exact nature of the maintenance required by the insurer.

Extent of General Maintenance Required to Maintain Current Condition of Plantations

- 57 The extent of general maintenance required in relation to each of the Willmott Schemes varies according to the age, species and location of the relevant plantation. The requirement for maintenance also depends upon the individual characteristics of the plantation in terms of health, access, silvicultural history and thinning/harvesting history.

Cost of Maintenance

- 58 I am advised by staff of WFL that the total estimated cost of a care and maintenance program forecast to June 2011 is in the order of \$8m. The care and maintenance program is based on an estimated minimum level of maintenance required to fulfil insurance policy conditions and maintain the current condition of the Plantations. The Administrators are working to verify and allocate the costs on a scheme-by-scheme basis.

- 59 As stated above, the Willmott Group is without funds to pay for any maintenance of the plantations.

Administrators' Overdraft

- 60 The Administrators intend to apply to a major trading bank for a credit facility (**Credit Facility**). The Administrators intend to approach:

- (a) Commonwealth Bank of Australia (**CBA**);
- (b) Australia and New Zealand Banking Group; and
- (c) National Australia Bank.

- 61 The Administrators propose that the Credit Facility be secured by first ranking mortgage against the Bombala Land.

- 62 The Administrator will select its preferred financier on the basis of the most competitive offer, having regard to both interest rates and the speed with which the financier can make funds available for the conduct of the Administration.

- 63 The Administrators intend to use the borrowed funds to pay:

- (a) statutory maintenance described in paragraph 53 above;
- (b) wages of those employees required by the Administrators and employee-related expenditure, including the cost of leasing, utilities, amenities, telecommunications and transport together with the Administrators' share of general operating costs; and
- (c) the Administrators' fees and disbursements, including professional consultants, experts and legal fees.

- 64 The Administrators do not currently intend to use the Credit Facility to pay for general scheme maintenance as described in paragraphs 55 and 57 above. If the Administrators determine that it is appropriate to use the Credit Facility to pay for ongoing scheme maintenance, we intend to approach the Court for appropriate directions. Ordinary creditors of WFL may object to us using the funds of WFL to meet payments required for the general maintenance of the Willmott Schemes.

- 65 I consider it is in the best interests of the investors in the Willmott Schemes and the creditors of the Willmott Group to borrow money so that we can:

- (a) comply with the Willmott Group's statutory obligations described in paragraph 53 above;
- (b) pay employees' wages and employee-related costs described in paragraph 34 above;
- (c) conduct the necessary Viability Analysis and Solvency Analysis described in paragraph 38 above; and
- (d) conduct the Expressions of Interest Campaign described in paragraph 47 above.

66 Our decision not to apply the Credit Facility to pay for ongoing scheme maintenance costs prior to the completion of the Viability and Solvency Analyses may have an adverse effect on Growers' interests, in that, without ongoing maintenance, the plantations may be detrimentally affected. The Viability Analysis and the decisions referred to in paragraphs 43 and 64 above are of utmost priority to the Administrators.

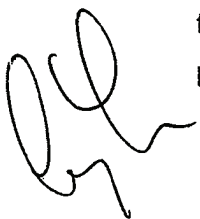

Approval of Administrators' Fees

67 Paragraph 2 of Orders (exhibit "CDC-3") provides that pursuant to section 447A of the Act, Part 5.3A of the Act be varied in relation to each of the Willmott Group of Companies such that our remuneration as the Administrators is, subject to a contrary order, to be determined by the Court.

68 During argument before Justice Finkelstein counsel appearing for the Administrators discussed the format of the Administrators' application for approval of their remuneration. Now produced and shown to me and marked "CDC-7" is a copy of the transcript of proceeding VID836/2010 on 26 October 2010.

69 Now produced and shown to me and marked "CDC-8" is a copy of the Administrators' first remuneration report which forms the basis of our application pursuant to section 449E of the Act for approval of our remuneration (**Remuneration Report**).

70 It is apparent from the Proposed Remuneration Report that we have categorised our fees and disbursements as either scheme-related or non-scheme related. In this first period, none of the Administrators' scheme-related work has related to any particular

scheme. Once we commence work on particular schemes, fees and disbursements that relate to any particular Willmott Scheme will be identified accordingly.

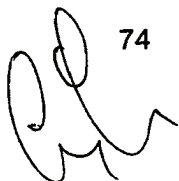

- 71 On 5 November 2010 Paul James from Clayton Utz (CBA's solicitors) told Leon Zwier of ABL, that his client is concerned to ensure that unsecured assets of the Willmott Group of Companies should not be used to fund scheme-related costs for the sole benefit of the Growers. We have taken steps to identify expenditure on the Willmott Scheme plantations. However, we consider that our fees incurred in relation to WFL's role as responsible entity and manager of the Willmott Schemes are properly incurred and payable in the course of the administration of that company.
- 72 If the Court is satisfied with the format of the Remuneration Report, we intend to provide a similar report to the creditors committee, and to the Registrar of the Federal Court on a periodic basis to seek approval of our remuneration by the Registrar.

Convening Period

- 73 The first meeting of creditors was held by the First Administrator on 28 September 2010. At the first creditors' meeting, the creditors appointed a committee of creditors in the administration of the Willmott Group of Companies. The committee of creditors for WFL consists of:

- (a) Jim Simpson;
- (b) Marie Birmingham;
- (c) Stephen Ryan on behalf of Hancock Victorian Plantations Pty Ltd;
- (d) Colin Worthy;
- (e) Phillip Allen;
- (f) Ian McKenzie;
- (g) Paul Challis;
- (h) Ian Copp and/or Matthew Berger on behalf of the CBA; and
- (i) Paul James and/or Polat Siva of St George Bank.

- 74 The committee of creditors for each of the remaining companies in the Willmott Group of Companies consists of:

- (a) Ian Copp and Matthew Berger on behalf of the CBA;
- (b) Paul James and/or Polat Siva of St George Bank;
- (c) Colin Worthy; and
- (d) David Armstrong.

75 On 26 October 2010, Justice Finkelstein ordered that the convening period for the Willmott Group of Companies be extended to 13 December 2010. A copy of the Court's order is exhibit "CDC-3" to this affidavit.

76 The creditors of each company within the Willmott Group of Companies may, at the second meeting of creditors, resolve pursuant to section 439C of the Act that:

- (a) the company execute a deed of company arrangement;
- (b) the administration should end; or
- (c) the company should be wound up.

77 Pursuant to s439A(4) of the Act, the notice of the second meeting of creditors must be accompanied by a report by the Administrators about the Willmott Group of Companies' business, property, affairs and financial circumstances, and about the result of investigations undertaken by us, and a statement setting out our recommendations (**Report to Creditors**).

78 We consider that it is not possible to provide the Report to Creditors or to make the required recommendations before 13 December 2010. We consider that the period within which the meeting of the creditors of the Willmott Group of Companies must be convened be extended to and including 15 March 2010 to enable us to complete our review of the Willmott Scheme Documents, our Solvency Analysis and our Viability Analysis and to continue with the Expressions of Interest Campaign.

Service of Affidavit and Remuneration Report

79 I have instructed our solicitors, ABL, to serve a copy of this affidavit on the following parties:

- (a) the Australian Securities and Investments Commission;
- (b) the Willmott Growers Group by their solicitors Clarendons Lawyers;

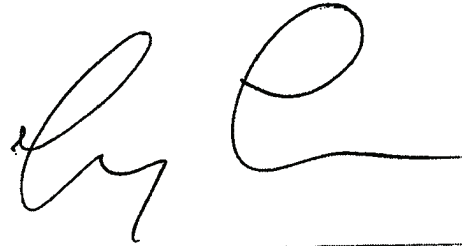

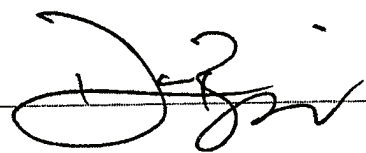

- (c) the Willmott Action Group by their solicitors Lilley Dawson;
- (d) the Commonwealth Bank of Australia by their solicitors Clayton Utz; and
- (e) Mark Korda, Bryan Webster and Mark Mentha of KordaMentha by their solicitors Allens Arthur Robinson.

80 I have also instructed ABL to load a copy of this affidavit, together with the originating process dated 25 November 2010, on ABL's website www.ab.com.au. A copy of those documents will also be uploaded onto our website www.ppb.com.au.

81 I have also instructed ABL to serve a copy of the Remuneration Report, and any future remuneration reports on the creditors committee for each of the companies in the Willmott Group of Companies.

Share Structure

Note: For each class of shares issued by a proprietary company, ASIC records the details of the top twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the top twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

Share Structure

Note: For each class of shares issued by a proprietary company, ASIC records the details of the top twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the top twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

Share Structure

Note: For each class of shares issued by a proprietary company, ASIC records the details of the top twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be

Share Structure

Note: For each class of shares issued by a proprietary company, ASIC records the details of the top twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the

twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the top twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

Share Structure

Note: For each class of shares issued by a proprietary company, ASIC records the details of the top twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the top twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

Share Structure

Note: For each class of shares issued by a proprietary company, ASIC records the details of the top twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the top twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

Share Structure

Note: For each class of shares issued by a proprietary company, ASIC records the details of the top twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the top twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.
