## 2 Introduction and purpose of Report

I, Martin Francis Ford of PwC, together with Simon Guy Theobald, was appointed Administrator of the Company on 2 July 2023 by the Company's directors under s436A(1) of the Act. Pursuant to the resolution passed at the second meeting of creditors held on 31 October 2023, the Company executed a Deed of Company Arrangement (**DOCA**) on 1 November 2023, and we were appointed Deed Administrators.

Mr. Theobald resigned as Deed Administrator on 2 January 2024. As a result of Mr. Theobald's resignation, I have remained as the appointed Deed Administrator of the Company.

I refer to the following previous reports to creditors:

- 1. Initial Report to Creditors dated 4 July 2023 (Initial Report to Creditors)
- 2. Section 75-225 Report to Creditors dated 23 October 2023 (Major Report)
- 3. Circular to Creditors dated 3 November 2023 (Circular to Creditors)
- 4. Various Australian Security Exchange (ASX) announcements.

### 2.1 Purpose of Report

The purpose of this Report is to:

- provide you with an update on the progress of the Deed Administration and next steps
- seek approval for our remuneration incurred in conducting the Deed Administration in the period 28 March 2024 to 31 August 2024
- seek approval for our future remuneration to be incurred from 1 October 2024 to the conclusion of the Deed Administration.

### 2.2 Independence

Further to the Declaration of Independence, Relevant Relationships and Indemnities (**DIRRI**) provided to creditors on 4 July 2023, an updated DIRRI dated 16 January 2024 was shared with creditors and lodged with ASIC.

## 3 Update on Deed Administration

### 3.1 Progress with Restructuring

On 18 March 2024, a Restructuring Framework Agreement (RFA) was entered into between:

- Ten Sixty Four Limited (Subject to DOCA) (X64 or the Company)
- Philsaga Mining Corporation (PMC) (which the Company holds a 40% indirect interest in)
- Mindanao Mineral Processing and Refining Corporation (MMPRC) (a subsidiary which the Company holds an 80% direct interest in)
- Komo Diti Traders Ltd (KDTL) (a wholly and directly owned subsidiary of the Company)
- Mr. Raul C. Villanueva (a Philippine shareholder with an indirect interest in PMC); and
- the Deed Administrator.

The Company's group structure is discussed at Section 4.2 of the Major Report.

Broadly, the intent of the RFA (and the restructuring generally) is to reset commercial relations between X64 and PMC, MMPRC and KDTL (together, **the Subsidiaries**) with a view to ensuring that the Subsidiaries have sufficient cash flow to operate whilst at the same time providing upstream cash flow to enable X64 to exit the DOCA and ultimately make returns to its shareholders.

The documents underpinning the RFA and their status are as follows:

| Document  | Purpose   | Status   |
|---|---|--|
| Tolling Agreement                                 | To record the rate of payment from PMC to MMPRC for toll treating PMC's ore. The tolling rate has been increased to US\$20/t of ore from the previous amount of US\$17/t.   | Executed on 25 January 2024, effective from 1 January 2024.  |
| Land Lease  | To grant MMPRC a lease over PMC's land (previous lease<br>expired on 31 December 2018). The lease secures MMPRC's<br>ability to operate.<br>The lease term is for five years with an option for a further five<br>year term.  | Executed on 21 June 2024.  |
| MMPRC Dividend<br>Policy                          | To record MMPRC's dividend payment policy. It is expected that MMPRC will be able to pay dividends to its shareholders from the proceeds of receipts from the Tolling Agreement and Compromise Agreement.   | Document agreed, to be<br>executed simultaneously with<br>the Compromise Agreement.                        |
| Global<br>Intercompany<br>Settlement<br>Agreement | Document to record repayment/settlement of intercompany<br>loans:<br>• KDTL loan to X64<br>• KDTL loan to PMC<br>• MMRPC loan to X64.   | Document agreed, to be<br>executed simultaneously with<br>the Compromise Agreement.                        |
| Compromise<br>Agreement                           | To record the compromise of the PMC:MMPRC loan. This<br>document settles previous disputes between the parties and<br>provides a repayment schedule for the loan comprising an initial<br>payment shortly after execution, with regular amortisation<br>payments to follow thereafter.<br>Refer to ASX announcement dated 20 March 2024 for further<br>details. | Terms agreed in principle<br>subject to final agreed<br>documentation. Expected to be<br>executed shortly. |
| PMHI Shareholders agreement                       | Agreement between the shareholders of PMHI.   | Negotiations continuing.   |

### Table 1: Documents underpinning the RFA

### 3.2 Solvency of the Company

A first and final dividend to creditors resulting in full payment of creditors' claims was declared on 22 December 2023 and paid on 2 February 2024, 8 February 2024 and 18 March 2024. The claims of Mr. Paul Ryan Welker against the Company have also been settled<sup>1</sup>.

The remaining creditors of the Company are related party creditors (KDTL and MMPRC) and Excluded Creditors as defined in the DOCA. KDTL and MMPRC's claims are for US\$5,217,150 plus interest and US\$4,100,000 plus interest respectively.

Related party creditors' debts are to be resolved following execution of the Compromise Agreement, Global Intercompany Settlement Agreement and MMPRC Dividend Policy. Following execution of these documents, the Deed Administrator considers that the Company will be solvent as all claims against it will have been settled or paid, and the Company will have access to cash flow to fund ongoing commitments.

### 3.3 Deed Administrator's Investigations

The outcome of the Deed Administrator's preliminary investigations are detailed in the Major Report. The initial findings in the Major Report included that there had been potential breaches of directors' duties by the Company's prior Board<sup>2</sup> which may give rise to potential claims.

The potential claims included:

- breaches of directors' duties in relation to the ownership/control structure which was in place in respect of the Company's subsidiaries, the management of the ownership dispute and potential impact on the value of the Company's assets;
- breaches of directors' duties in relation to unreasonable expenditure made by the Company;
- breaches of directors' duties in relation to announcements made to the ASX concerning:
  - o the existence of the ownership dispute and its effect on the Company's financial position
  - o the extent of the Company's control over its subsidiaries; and
  - o various other matters; and
- breaches of directors' duties in relation to placing the directors' and officers' (D&O) insurance policy into run-off.

The Deed Administrator's further investigations since the Major Report are discussed below.

### 3.3.1 Ownership/Control Structure in respect of the Company's Subsidiaries

As previously advised, a dispute emerged in February 2023 between the Company and the Philippine owners of 60% of Philsaga Management and Holdings Inc (**PMHI**), the ultimate owner of PMC.

Mr. Villaneuva, who has served as President of PMC for nearly a decade, asserts that he had acquired the 60% ownership directly and through intermediaries on his behalf. Mr. Joseph Mahusay alleged that this interest had been transferred to him through a special power of attorney held by the Company's former Executive Chairman Mr. Jeff McGlinn.

The ownership dispute is complicated and we understand involves 11 cases (both civil and criminal) in multiple jurisdictions in the Philippines Courts.

<sup>&</sup>lt;sup>1</sup> See ASX Announcement dated 24 January 2024

<sup>&</sup>lt;sup>2</sup> The Board in place prior to resignation on 19 June 2023

The Company is not a party to any of the cases which comprise the ownership dispute. However, based on our investigations to date it is noted that:

- On 8 April 2024, the Regional Trial Court in Davao City in Case No. R-DVO-23-01736-CV denied an application from Mr. Mahusay for a Writ of Preliminary Prohibitory Injunction (WPI) against Mr. Villanueva, which sought to prevent Mr. Villanueva from acting as President and Director of PMHI.
- On 27 May 2024, the Regional Trial Court in Davao City in Case No. R-DVO-23-04666-CV granted an application from Mr. Villanueva for a WPI against Mr. Mahusay, Mr. Ramon Austria, Mr. Peter Alphonso and Mr. Patrick Warr to prevent them from:
  - Misrepresenting themselves as PMHI directors and officers.
  - Exercising functions and duties of PMHI.
  - o Asserting rights from the disputed stockholder's and director's meeting.
  - Causing further damage to PMHI's business.
  - o Validating any board resolutions or actions executed by the defendants.
  - Restoring the status quo ante the controversy.
- On 20 September 2024, the Regional Trial Court in Quezon City made an order dismissing Case No. R-QZN-23-09238-43-CR. This case was brought against Mr. Jeffery McGlinn, Mr. Mahusay, Mr. Austria and Ms. Rosalinda Adriano Montenegro (**the Case**) and relates to a criminal complaint for Falsification of Public Document.
- The Court ultimately found that the allegation that the defendants had falsified documents including a share transfer form transferring ownership of 60% of the shares in PMHI from Mr. Villanueva to Mr. Mahusay, had not been proven beyond a reasonable doubt required for a criminal action. Further, the validity of the share transfer documents relevant to the case remains the subject of dispute in a number of the other cases seeking to prove falsification of the documents to the standards required in a civil action of being more likely than not.
- The Deed Administrator's investigations have not identified any board resolutions or other documents of X64 instructing or approving Mr. McGlinn, in his capacity as either Managing Director, Executive Chair and/or a representative of X64, to execute any share transfers in respect of the shares in PMHI to Mr. Mahusay.

Notwithstanding that the Company is not a party to any of the cases comprising the ownership dispute, its position in relation to matters relevant to it is that:

- As noted in the ASX announcement of 2 February 2024, it is not clear that the Board of X64 had the power to pass any resolutions in respect of PMC, including the removal and replacement of Mr. Villanueva as PMC's President and Director.
- In the absence of any valid resolution to remove Mr. Villanueva from office, and, noting the matters detailed above, X64 recognises Mr. Villanueva as PMC's President and Chief Executive Officer and notes that since our appointment, operational control of the Co-O Mine has remained with Mr. Villanueva.
- The Company is working with PMC and Mr. Villanueva to achieve the restructuring outcomes outlined in Section 3.1 above.
- The Company will ultimately abide by the decision of the Philippines Courts.

### 3.3.2 Unreasonable Expenditure made by the Company

The Deed Administrator's further investigations have identified a number of transactions in relation to which there appears to have been no apparent benefit to the Company, or evidence of appropriate authorisation procedures, as summarised below:

### Table 2: Summary of unreasonable expenditure

| Category  | AUD equivalent |
|---|----------------|
| Payments which appear to have been made for the benefit of parties other than the Company | 2,218,183.33   |
| Payments made by MMPRC and credited to the Compay's loan account with MMPRC               | 475,972.73     |
| Other Related Party transactions  | 1,023,589.72   |
| Total   | 3,717,745.78   |

### 3.3.2.1 Payments which appear to have been made for the benefit of parties other than the Company:

### Table 3: Payments which appear to have been made for the benefit of parties other than the Company

| Date      | Payment to                          | USD          | AUD equivalent |
|-----------|-------------------------------------|--------------|----------------|
| 05-Jan-23 | Galang Jorvina Munez and Associates | 200,000.00   | 303,030.30     |
| 09-Mar-23 | Kapunan Tamano Javier and Associate | 130,000.00   | 196,969.70     |

| 19-Jun-23 | Kapunan Tamano Javier and Associate | 333,334.00   | 505,051.52     |
| 19-Jun-23 | Kapunan Tamano Javier and Associate | 333,333.00   | 505,050.00     |
| Total     |                                     | 1,464,001.00 | 2,218,183.33   |

Notes:

- The total of the above payments when converted to AUD is c.\$2,218,183.
- The above payments have been made to Philippines law firms. The Company's records and our investigations indicate that the work performed by those firms does not appear to have been for the benefit of the Company. Further, we have not identified any documentation or Board resolution concerning the Company engaging these firms or approving the payments made.
- The payments on 19 June 2023 were made on the same day that the prior Board resigned. The newly appointed management were able to retrieve two of these payments. The invoices supporting these payments indicate that the payments were made in advance to meet the costs future in litigation relating to the ownership dispute (which the Company is not a party to).
- Kapunan Tamano Javier and Associates have not responded to the Deed Administrator's requests for information.
- Internet searches indicate that the office of Galang Jorvina Munez and Associates is permanently closed.

In addition to the above and as noted in the Major Report<sup>3</sup>, the Company's prior board caused the Company to incur the cost<sup>4</sup> of a D&O Insurance run-off cover premium which limited the incoming board's ability to obtain a replacement policy and meant that the Company did not receive value for the unexpired portion of the existing policy.

### 3.3.2.2 Payments made by MMPRC on instruction of the Company's management and credited to the Company's loan account with MMPRC

#### Table 4: Payments made by MMPRC and credited to the Company's loan account with MMPRC

| Date      | Payment to                          | PhP           | USD equivalent | AUD equivalent |
|-----------|-------------------------------------|---------------|----------------|----------------|
| 15-May-23 | Galang Jorvina Munez and Associates | 5,567,200.00  | 99,831.68      | 151,260.12     |
| 15-May-23 | Galang Jorvina Munez and Associates | 5,567,200.00  | 99,831.68      | 151,260.12     |
| 13-Jun-23 | Life Enrichment Consultancy         | 6,384,000.00  | 114,478.64     | 173,452.48     |
| Total     |                                     | 17,518,400.00 | 314,142.00     | 475,972.73     |

Note:

• The total of the above payments when converted is c.US\$314,142, or c.AU\$475,973.

<sup>&</sup>lt;sup>3</sup> Section 8.5

<sup>&</sup>lt;sup>4</sup> Cost and terms of policy withheld to avoid prejudicing policy

- Whilst the payments were made by MMPRC, the outcome of the transactions was to increase the Company's loan account with MMPRC. The basis for X64 incurring these increased liabilities is unclear.
- Galang Jorvina Munez and Associates is a law firm. The Company records evidence that the engagement was not for the apparent benefit of the Company or MMPRC. Further, there is no Board resolution concerning the Company engaging this firm or approving the payments made and/or agreeing to credit its loan account with MMPRC.
- The documentation available in respect of the payment to Life Enrichment Consultancy shows that this does not appear to have been for the benefit of the Company or MMPRC.

#### 3.3.2.3 Other Related Party payments which require further investigation:

The following related party (and associates) expense payments require further investigation to determine what, if any, benefit the Company received. Based on our investigations, we have been unable to confirm the legal basis and/or the benefit provided to the Company from making these payments. It is noted that many of these payments were made on 19 June 2023, the date on which the previous Board resigned from the Company.

### **Table 5: Other Related Party expenses**

| Date      | Payment to                      | USD        | AUD        | AUD equivalent |

| Total     |                                 | 139,285.29 | 812,551.40 | 1,023,589.72   |

The Deed Administrator will provide the Company with results of the investigations for consideration of instigating recovery action.

### 3.4 Effectuation of the DOCA

The status of the Conditions Precedent to the DOCA which are required to be satisfied or waived prior to effectuation are summarised below:

| Conditions<br>Precedent | Description   | Status   | Waiver of Condition<br>Precedent                              |

| Deed Fund                         | Establishment of the deed fund  | Satisfied  | May not be waived   |

## 4 Costs of Deed Administration

The Deed Administrator is seeking approval of remuneration of \$311,202.00 (excl. GST) for the period 28 March 2024 to 30 September 2024, and future remuneration for the period 1 October 2024 to conclusion of the Deed Administration of up to \$156,610.00 (excl. GST). If our time costs do not reach the estimate for future remuneration, we will only invoice for the actual time costs incurred.

Attached at **Appendix A** is a detailed report on the Deed Administrator's remuneration, called a 'Remuneration Approval Report'. The Deed Administrator is unable to pay remuneration without approval of creditors or the Court. To minimise the costs in this deed administration. we have elected to seek the approval of creditors for our remuneration without a meeting. Should an application to Court be necessary to approve our remuneration, the Deed Administrator will incur additional time costs and legal expenses which will need to be met from the Company's assets.

To participate, please complete and return the two 'proposal without a meeting' forms included within **Appendix A** by no later than **5.00pm AEDT 18 November 2024**.

We request that all forms be returned by email to Mr. Dylan Bernardo at tensixtyfour@au.pwc.com.

An Australian Restructuring Insolvency and Turnaround Association (**ARITA**) information sheet titled "Proposals without meetings" is included at **Appendix A**.

## 5 What happens next?

Included in **Appendix A** is a circular resolution to approve the Deed Administrator's remuneration. To participate, please complete and return the two 'proposal without a meeting' forms by no later than **5.00pm AEDT 18 November 2024**.

As previously outlined in this Report, the Deed Administrator is continuing to negotiate with key stakeholders with respect of the Conditions Precedent of the DOCA, which are required to be satisfied or waived prior to effectuation.

Following satisfaction or waiver of the Conditions Precedent, the Deed Administrator endeavours to hand the company back, such that the Company is able to be relisted on the ASX.

The Deed Administrator will provide subsequent communications to Creditors as required.

\*Approval for the future remuneration sought is based on an estimate of the work necessary to the completion of the external administration. Should additional work be necessary beyond what is contemplated, further approval may be sought from creditors.

In the Remuneration Approval Report dated 22 January 2024, I sought approval for my remuneration from 1 January 2024 to completion of the DOCA for an estimated \$259,947.50. My actual remuneration from 1 January 2024 to 30 September 2024 was \$571,149.50, \$311,202.00 higher than the estimated remuneration approved. Refer to section 4.3 of this report for further detail on the higher than anticiapted cost of the deed administration.

Please refer to report section references detailed in the above table for full details of the calculation and composition of the remuneration approval sought.

Fees actually incurred will be calculated on the Time Based / Hourly Rates method and only time properly incurred will be charged.

# 4. Remuneration

### 4.1. Remuneration

I will be seeking approval of the following resolutions to approve my remuneration. Details to support these resolutions are included in section 4.2 and the attached schedules.

### **Resolution 1**

That the remuneration of the Deed Administrator is approved for the period 28 March 2024 to 30 September 2024 of \$311,202.00 (plus GST), as set out in the Remuneration Approval Report dated 25 October 2024 to be drawn from available funds immediately or as funds become available.

### **Resolution 2**

That the remuneration of the Deed Administrator is approved for the period 1 October 2024 to completion of the DOCA up to a maximum of \$156,610.00 (plus GST), as set out in the Remuneration Approval Report dated 25 October 2024 to be drawn from available funds as incurred or as funds become available.

Future remuneration is approved subject to a maximum or cap. Sometimes the actual cost of the administration will exceed the maximum which has been approved, in which case, I may seek another resolution for additional remuneration at a later date. I will not pay any amount exceeding the maximum without this approval.

Creditors should note that this is an estimate of my remuneration until the completion of the deed administration. Should the deed administration be finalised sooner than expected, and my remuneration does not total this amount, I will only pay remuneration for time actually incurred.

Where funds are available, I will usually pay approved remuneration at intervals not less than one month. Where funds are not available, remuneration will not be paid.

### 4.2. Details of remuneration

The basis of calculating the remuneration claims is summarised in Schedules B1 and B2 of Appendix B.

The details of the major tasks performed, and the costs associated with each of those major tasks are contained in Schedules C1 and C2 of **Appendix C**.

### 4.3. Total remuneration reconciliation

In the Remuneration Approval Report dated 22 January 2024, I sought approval for my remuneration from 1 January 2024 to completion of the DOCA for an estimated \$259,947.50. My actual remuneration from 1 January 2024 to 30 September 2024 was \$571,149.50, \$311,202.00 higher than the estimated remuneration approved.

The higher than estimated remuneration was primarily incurred as a result of complexities and protracted negotiations in satisfying the conditions precedent that were not anticipated when the Remuneration Approval Report dated 22 January 2024 was prepared, which has caused the external administration to continue for a longer period than anticipated. Additionally, the complexity of the deed administration has required the expertise of more senior members of the deed administration. These factors have resulted in additional time being incurred / expected to be incurred than anticipated in prior estimates.

I now estimate that the cost of the deed administration from 1 October 2024 to finalisation of the deed administration to be \$156,610.00, subject to finalisation of matters raised above.

### 4.4. Likely impact on dividends

The Corporations Act 2001 (**the Act**) sets the order for payment of claims against the Company and it provides for remuneration of the Deed Administrator to be paid in priority to other claims. This ensures that when there are sufficient funds, the Deed Administrator receives payment for the work properly performed.

A dividend of 100 cents in the dollar has been declared and paid to non-priority unsecured creditors (save for excluded creditors under the DOCA), therefore approval of this remuneration will not have an effect on dividends.

### 4.5. Remuneration recovered from external sources

I have not received any funding from external sources for our remuneration.

## 5. Disbursements

Disbursements are divided into three types:

- External professional services these are recovered at cost. An example of an external professional service disbursement is legal fees.
- External non-professional costs these are recovered at cost. Examples of external non-professional costs are travel, accommodation and search fees.
- Firm non-professional disbursements such as photocopying, printing and postage. These disbursements, if charged to the deed administration, would generally be charged at cost; though some expenses such as telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs. The recovery of these costs must be on a reasonable commercial basis.

I am not required to seek creditor approval for costs paid to third parties or for disbursements where I am recovering a cost incurred on behalf of the external administration but I must account to creditors. Creditors have the right to question the incurring of the disbursements and can challenge disbursements in court.

I have undertaken a proper assessment of disbursements claimed for the Company, in accordance with the law and applicable professional standards. I am satisfied that the disbursements claimed are necessary and proper.

I am required to obtain creditor consent for the payment of internal disbursements where there may be a profit or advantage. Creditors will be asked to approve internal disbursements where there is a profit or advantage prior to these disbursements being paid from the deed administration. Notwithstanding, there have been no such disbursements incurred.

### 5.1. Disbursements

To date, disbursements totalling \$22,632.81 (excl GST) have been reimbursed to my firm in the deed administration as set out below:

| Disbursements claimed                | Total (excl. GST) |
|--------------------------------------|-------------------|
| Travel costs                         | 20,300.83         |
| IT software                          | 2,026.61          |
| Postage                              | 258.82            |
| Single touch payroll costs           | 46.55             |
| Total external disbursements claimed | 22,632.81         |

Additional disbursements of \$9,228.63 (excl. GST) have been incurred to date in the external administration, but not yet paid. These disbursements relate to travel costs and single touch payroll administration costs.

### 5.2. Future basis of disbursements

Future disbursements provided by our firm will be charged to the deed administration on the following basis:

| Disbursements                        | Rate (excl. GST)  |  |
|--------------------------------------|---|--|
| External professional services       | At cost   |  |
| External non-professional costs      | At cost   |  |
| ASIC industry metric levies*         | At prescribed ASIC rates – Estimated to be \$67.84 per notifiable event                     |  |
| Internal firm non-professional costs | At cost   |  |
| Staff vehicle use                    | 85 cents per kilometre for first 150km of return trip and 40 cents per kilometre thereafter |  |

\*The ASIC industry funding levy is calculated each January by ASIC for the previous financial year. I have estimated the minimum charge per notifiable event to be approximately \$67.84 in accordance with the estimate provided in ASIC's cost recovery statement for the 2023 financial year.

# 6. Summary of receipts and payments

The summary of receipts and payments for the period from 1 January 2024 to 31 August 2024 is included at Appendix D.

## Appendix E. - ARITA Information Sheet: Proposals without a meeting

## Information sheet: Proposals without meetings

You may be a creditor in a liquidation, voluntary administration or deed of company arrangement (collectively referred to as an external administration).

You have been asked by the liquidator, voluntary administrator or deed administrator (collectively referred to as an external administrator) to consider passing a proposal without a meeting.

This information sheet is to assist you with understanding what a proposal without a meeting is and what your rights as a creditor are.

### What is a proposal without a meeting?

Meetings of creditors were previously the only way that external administrators could obtain the views of the body of creditors. However, meetings can be very expensive to hold.

A proposal without a meeting is a cost effective way for the external administrator to obtain the consent of creditors to a particular course of action.

### What types of proposals can be put to creditors?

The external administrator is able to put a range of proposals to creditors by giving notice in writing to the creditors. There is a restriction under the law that each notice can only contain a single proposal. However, the external administrator can send more than one notice at any single time.

### What information must the notice contain?

The notice must:

- include a statement of the reasons for the proposal and the likely impact it will have on creditors if it is passed
- invite the creditor to either:
  - $\circ$   $\;$  vote yes or no to the proposal, or
  - o object to the proposal being resolved without a meeting, and
- specify a period of at least 15 business days for replies to be received by the external administrator.

If you wish to vote or object, you will also need to lodge a Proof of Debt (POD) to substantiate your claim in the external administration. The external administrator will provide you with a POD to complete. You should ensure that you also provide documentation to support your claim.

If you have already lodged a POD in this external administration, you do not need to lodge another one.

The external administrator must also provide you with enough information for you to be able to make an informed decision on how to cast your vote on the proposal. With some types of proposals, the law or ARITA's Code of Professional Practice sets requirements for the information that you must be provided.

For example, if the external administrator is asking you to approve remuneration, you will be provided with a Remuneration Approval Report, which will provide you with detailed information about how the external administrator's remuneration for undertaking the external administration has been calculated.

### What are your options if you are asked to vote on a proposal without a meeting?

You can choose to vote yes, no or object to the proposal being resolved without a meeting.

### How is a resolution passed?

A resolution will be passed if more than 50% in number and 50% in value (of those creditors who did vote) voted in favour of the proposal, but only so long as not more than 25% in value objected to the proposal being resolved without a meeting.

### What happens if the proposal doesn't pass?

If the proposal doesn't pass and an objection is not received, the external administrator can choose to amend the proposal and ask creditors to consider it again or the external administrator can choose to hold a meeting of creditors to consider the proposal.

The external administrator may also be able to go to Court to seek approval.

### What happens if I object to the proposal being resolved without a meeting?

If more than 25% in value of creditors responding to the proposal object to the proposal being resolved without a meeting, the proposal will not pass even if the required majority vote yes. The external administrator will also be unable to put the proposal to creditors again without a meeting.

You should be aware that if you choose to object, there will be additional costs associated with convening a meeting of creditors or the external administrator seeking the approval of the Court. This cost will normally be paid from the available assets in the external administration.

This is an important power and you should ensure that it is used appropriately.

### Where can I get more information?

The Australian Restructuring Insolvency and Turnaround Association (ARITA) provides information to assist creditors with understanding external administrations and insolvency.

This information is available from ARITA's website at artia.com.au/creditors.

ASIC also provides information sheets on a range of insolvency topics. These information sheets can be accessed on ASIC's website at asic.gov.au (search for "insolvency information sheets").
